Satisfactory Academic Progress <https://students.asu.edu/policies/satisfactory-academic-progress>

To remain eligible for federal financial aid, students must make satisfactory academic progress (SAP) as a student, meaning you need to make good enough grades, and successfully complete enough classes in a timely manner to demonstrate that you are successfully working toward your degree. ASU measures SAP yearly after the spring semester using three metrics:

- GPA – All students must meet a minimum cumulative GPA 3.0 (note this program requires you maintain a GPA of 3.6).
- Pace Rate – Students must pass at least 67% of their total attempted ASU credit hours in their degree program. Passed credits do not include courses with grades of E, EU or W. Audited courses, ungraded courses, remedial no-credit courses and courses with grade of Z are excluded from this measurement.
- Maximum Credit Hour – Students must not exceed the maximum attempted credit hour limit for the degree program.

Archived Handbooks

Previous versions of all SILC graduate program handbooks can be found in the SILC intranet as well as the SILC Canvas. Current students who are not able to access either the intranet or Canvas should contact the Graduate Program Student Services Support Coordinator.

Discrimination complaints (Title IX)

<https://www.asu.edu/titleIX/>

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy please see <https://www.asu.edu/aad/manuals/acd/acd401.html>.

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education, Assistant Secretary, or both. Contact titleixcoordinator@asu.edu or 480-965-0696 for more information. Office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report please go to www.asu.edu/reportit/.

Retention

All students are expected to make systematic progress toward completion of their degree. This progress includes satisfying the conditions listed below, and achieving the benchmarks and requirements set by this degree program. If a student fails to satisfy the requirements of their degree program, and/or benchmarks below, the student may be dismissed from their program based on the unit's recommendation to the Graduate College.

- M.A. students are required to maintain a 3.0 GPA. Students who at any time fall below this average will be considered on probation for the following semester. If, during that semester, the student does not meet minimal requirements, we will recommend to the Graduate College dean that the student be dismissed from the program.
- Grades of C and below do not meet the requirements of a graduate degree.
- M.A. students must successfully pass the culminating experience.
- M.A. students must satisfy all requirements of the graduate degree program.

Review and Dismissal

After the first year, all students will be reviewed annually. Students whose progress is found deficient will be informed by their respective Graduate Representative and will be placed on probation to correct deficiencies. If deficiencies are not corrected, the student will be recommended for dismissal to the Graduate College.

Academic Standards and Other Policies

Incompletes

Please visit <http://www.asu.edu/aad/manuals/ssm/ssm203-09.html> for the policy on incomplete grades.

Leave of Absence

Once admitted to a graduate degree program or graduate certificate program, students must be registered for a minimum of one credit hour during all phases of their graduate education, including the term in which they graduate. If a student cannot meet this requirement, they must request a leave of absence via a petition submission through their iPOS. The leave of absence petition must be submitted and approved by the academic unit and Graduate College before the anticipated semester of non-registration. Students may request up to two semesters of non-registration during their graduate program.

Academic Integrity

The highest standards of [academic integrity](#) and compliance with the university's [Student Code of Conduct](#) are expected of all graduate students in academic coursework and research activities. The failure of any graduate student to uphold these standards may result in serious consequences including suspension or expulsion from the university and/or other sanctions as specified in the academic integrity policies of individual colleges as well as the university. Violations of academic integrity include, but are not limited to: cheating, fabrication of data, tampering, plagiarism, or aiding and/or facilitating such activities. At the graduate level, it is expected that students are familiar with these issues and that each student assumes personal responsibility in their work.

Academic Standards and Other Policies

Diversity, Equity, and Inclusion

ASU supports and fosters an environment of diversity, equity, inclusion and belonging, and promotes equal opportunity through affirmative action in employment and educational programs and activities. It strives to offer students with disabilities support and access, for all programs and academic opportunities. It also ensures that qualified individuals with disabilities are not subjected to discrimination, harassment or retaliation because of their disabilities in regard to academic pursuits, job application procedures, hiring, and other terms and conditions of employment. It is the policy of ASU to provide reasonable accommodations to qualified individuals with disabilities. SILC encourages qualified individuals to contact the SAILS office for classroom accommodations (<https://eoss.asu.edu/accessibility>) as well as to the Office for Diversity, Equity and Inclusion (<https://cfo.asu.edu/workplace-accommodations>) for workplace accommodations.

Interactive Plan of Study (iPOS)

Graduate students will file their Doctoral Programs of Study using a secure online process called the Interactive Program of Study (iPOS). You will be guided through a step-by-step process that presents a list of eligible courses to choose from. A review is built in to ensure that students have met university requirements prior to submitting their iPOS. Students must submit their iPOS by the time they have enrolled for 50 percent of the minimum credit hours required for their degree program. Students will be able to login to review the status at any point along the way. The iPOS overview video and “how-to” guide can be found at <https://graduate.asu.edu/current-students/completing-your-degree/your-plan-study-ipos>.

Withdrawal

Voluntary withdrawal from ASU: If a student wishes to withdraw from his/her graduate degree program and the university, they must complete the [Voluntary Withdrawal form](#). Students must separately complete the appropriate forms with the University Registrar to withdraw from their courses. International students should contact the [International Student and Scholars Center \(ISSC\)](#) before submitting a Voluntary Withdrawal form, as it most likely will affect their visa status.

Voluntary withdrawal from a graduate degree program: If a student wishes to transition from one graduate degree program to another graduate degree program, the student should complete the *Voluntary Withdrawal form*. The student should not take this action until he or she has been admitted to the other graduate degree program.

Other types of withdrawals: There are appropriate circumstances when students may need to withdraw from the university (i.e. medical withdrawal, compassionate leave). The policies for such withdrawals are the same for both undergraduate and graduate students. Information on types of withdrawals and procedures can be found at: <https://students.asu.edu/drop-add>. For course withdrawals, contact the University Registrar’s Office.

Transfer Credits

Credit hours completed at ASU or at another regionally accredited U.S. institution or international institution officially recognized by that country, before the semester and year of admission to an ASU

Academic Standards and Other Policies

graduate degree program, are considered pre-admission credits. With the approval of the academic unit and the Graduate College office, students may include a maximum of 12 graduate-level credit hours with grades of “B” or better that were not used towards a previous degree. Preadmission credits must have been taken within three years of admission to the ASU degree or certificate program to be accepted.

Grade Appeals/Grievances

A. The aggrieved student must first undergo the informal procedure of conferring with the instructor, stating any evidence and reasons for questioning that the grade received was not given in good faith. The instructor is obliged to review the matter, explain the grading procedure used and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course (regular faculty member or director of the course sequence).

B. If the grading dispute is not resolved in step A, the student may appeal to the department chair or other appropriate chair of the area within the department (if any). The department chair may confer with the instructor to handle the problem. Step B applies only in departmentalized colleges or schools.

C. If these discussions are not adequate to settle the matter to the complainant's satisfaction, the student may then confer with the dean of the college or school concerned (or the dean-designate) who will review the case. If unresolved, the dean or designate may refer the case to the college or school academic grievance hearing committee to review the case formally. In most instances, however, the grievance procedure does not go beyond this level.

Master of Arts in Language Teaching

This program will provide both current and aspiring language teachers with the tools to effectively teach languages in secondary schools and higher education. Students will receive training in teaching methodologies, second language acquisition, heritage language pedagogy, computer-assisted language teaching, applied linguistics and the teaching of literature and culture. Students are required to maintain at least 3.0 GPA in all graduate coursework

Tracks

Students enrolled in the Master of Arts in Language Teaching must choose to focus their studies on one of three track options: French, German, or Spanish.

Plan of Study

All students need to file an official Plan of Study (iPOS) that follows the requirements of their graduate program in SILC. Students need to work with their Supervisory Committee chair and submit the iPOS to the Graduate College no later than the beginning of the third semester.

On the iPOS, the students list the courses taken with the grades obtained, as well as the courses they are in the process of taking, or expect to take. Changes in the iPOS may be made later if necessary, but the iPOS must list courses that fulfill the program requirements, and must have the name of the Chair of the Supervisory Committee and the names of the other members of the Supervisory Committee. Once the plan of study has been completed, it must be checked and signed by the Chair of the Supervisory Committee and by the Graduate Representative of the respective graduate program. The student's individual plan of study will be determined in consultation with the student's Chair/Advisor, subject to approval by his/her Supervisory Committee, the Graduate Representative of the relevant graduate program, and the Dean of the Graduate College.

M.A. Supervisory Committee

The purpose of the Supervisory Committee is to assist the student in planning a program that fits his/her own needs and interests; to supervise the student's yearly academic progress; and to guide the development of the work included in the applied project. The committee members will normally be chosen from the faculty with whom the student has taken or will take courses.

The chair of the Supervisory Committee must be a member of the SILC Graduate Faculty. The chair of the Supervisory Committee serves as primary advisor to the student. It is the student's responsibility to identify the committee chair in accordance with the area and specific topic of the student's research interest.

If the student's research warrants it, the student's Supervisory Committee may request permission from the relevant graduate committee to include a member from outside the approved list of SILC Graduate Faculty (within or outside of ASU). This member will be proposed by the Chair of the Supervisory Committee or by the student. The Chair of the Supervisory Committee will make official contact on behalf of the program and will establish the parameters of his/her collaboration on the Supervisory Committee. The program cannot assume any expenses incurred by having an external member of the committee.

Graduate students need to work closely with the Chair of the Supervisory Committee. This committee should be formed no later than the beginning of the third semester, when the student is required to submit

Master of Arts in Language Teaching

the iPOS.

Change of M.A. Supervisory Committee

It is understood that for valid professional reasons expressed in writing to the faculty representative of the MALT program, the student may request a change in the membership of the Supervisory Committee. Changes are usually requested due to a change in research topic or a prolonged research sabbatical on the part of a faculty member, etc. The committee change will be submitted through the student's iPOS.

The student should first discuss the change directly with the faculty member involved and the Chair of their Supervisory Committee, who will also inform the faculty representative of the MALT program in writing of their opinion. If the parties directly involved do not agree, the faculty representative of the MALT program will submit the matter to the Director of Graduate Studies for its resolution. The committee change request must be approved by the Graduate College.

Applied Project

Students will be required to enroll in SLC 593 Applied Project in their final semester of the program for 3 credits. In this course, students will design and execute a semester-long project in consultation with their faculty advisor.

MA in Language Teaching (French)

Accelerated Program 4+1 (BA/MA)

Students must complete all existing 4+1 requirements for the undergraduate and graduate degrees. In the senior year, students can take twelve (12) credit hours of approved coursework, which will be shared between the bachelor's and master's degree. Of these shared twelve hours, students may count the credits of two 400-level classes and two 500-level classes toward the requirements for both the BA and the MA degrees. The undergraduate honors thesis may not be substituted for the master's culminating experience.

For more information on eligibility and how to apply, please review our webpage:
<https://silc.asu.edu/degrees/accelerated>.

Annual Student Evaluations

On or before February 1 of each academic year the chair of the student's Supervisory Committee is charged with evaluating students' academic progress and teaching performance.

At the beginning of the second semester of each academic year each student must present a printout of his/her graduate courses taken at ASU and a brief statement about their teaching experience and academic goals for the next year. The statement, less than 1 page in length, should include:

1. how many semesters of support s/he has received in their current program;
2. whether s/he has filed the official Plan of Study, taken exams, participated in conferences;
3. other pertinent information for the period covered by the evaluation.

Optionally, each teaching assistant* may arrange, through his/her supervisor, to be evaluated by another faculty member. This evaluation will result in a narrative statement.

It is the student's responsibility to submit all the required paperwork by the deadline and to ensure that his/her academic adviser has filed the appropriate report. Incomplete dossiers cannot be considered.

SILC Certificates

Many SILC students choose to supplement their programs with additional certificates. No more than one-fifth (20 percent) of the minimum required credit hours for a graduate certificate may be transferred from another university. All transfer work must meet the Graduate College transfer policies. All coursework used to complete an ASU graduate certificate must be completed within a six-year time limit. Courses at a 400-level may be allowed with prior approval from the appropriate certificate program; however, a minimum of two-thirds of the courses taken to complete the certificate must be at the 500-level or above. No more than 40% of coursework towards the requirements of a graduate certificate can be completed prior to admission to the certificate program. Credit hours earned in a certificate program may also be used towards a degree program, standard preadmission rules apply.

Listed below are all certificates available through SILC along with the contact information for the directors of each.
